

# Environmental Compliance

fast facts

Teledyne Solutions, Incorporated (TSI) is at the forefront of new Department of Defense (DoD) environmental compliance policy development and implementation, supporting the U.S. Army Space and Missile Defense Command, the U.S. Army Environmental Command, the U.S. Navy Pacific Fleet, the U.S. Air Force Space and Missile Systems Center, and the U.S. Army Aviation and Missile Command. On a daily basis, TSI assists in solving the environmental challenges of more than two dozen DoD installations and materiel acquisition programs.

TSI's Environmental Engineering Group provides DoD customers with a wide range of engineering skills and with an even wider range of environmental compliance expertise, including support in the following areas:

- Environmental Planning
- National Environmental Policy Act (NEPA) Analysis
- Environmental Permitting
- Compliance Audits
- Industrial Hygiene Services
- Environment, Safety, and Occupational Health (ESOH) Compliance
- Acquisition Environmental Support
- Environmental Management Services

TSI has in place both a General Services Agency (GSA) Professional Engineering Services Contract and an Environmental Services Contract.
